Green Practices

The environmental committee plans and monitors water & energy conservation and recycling activities.

We offer water conservation program to our guests providing them an option whether they want us to change the linens and towels on a daily basis or not.

We have installed water conserving toilets and showerheads throughout the hotel

We have changed all incandescent light bulbs with CFL bulbs

We recycle papers, cardboards, plastic bottles, glass bottles and cans; we also store electronics and hazardous materials and recycle them periodically.

Our rooms are equipped with amenity dispensers providing you more varieties of quality products

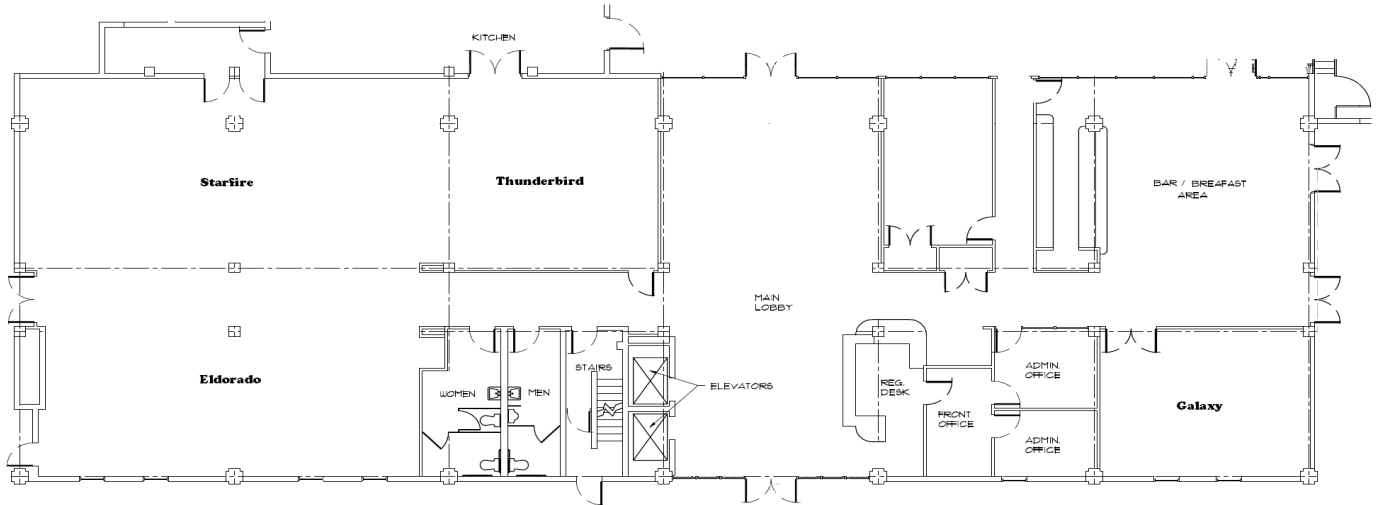

Our breakfast area uses dispensers than individual packets as far as possible.

New climate controlled Heating and cooling unit by Amana with digital thermostat in all the rooms.

We use all certified environmental friendly non toxic products for laundry and guest room cleaning.

We buy only Energy Star labeled equipments and appliances; we buy recycled products where possible.
